

7 Great Ways to Improve Your Spring & Summer

Summers are never long enough, and Spring is just around the corner... so we have seven great ways for you to get ready & get set to enjoy this coming summer, and they all begin with getting outdoors.

Outdoor entertaining may have grown into a category, but at its heart, it's spending time with those that matter most.

1. Outdoor Speakers - Whether you are providing a cozy soundtrack for a lazy day, or hosting friends for dinner outdoors, speakers transform your backyard into a musical haven and get you - *outdoors*.

2. Outdoor TV's - Outdoor entertaining with friends & family is a great way to use that patio or backyard space. Outdoor televisions have proven themselves as a great investment being used and enjoyed by everyone - *outdoors*.

3. Outdoor WiFi - New robust WiFi networks provide the speed and range you need for you and your guests while you're outdoors. WiFi provides you access to streaming music, movies and the web - *outdoors*.

4. Outdoor Lighting - Lighting is essential for outdoor entertaining at night. We have some versatile and attractive outdoor lighting fixtures and control

solutions for creating a warm and inviting atmosphere - *outdoors*.

5. Outdoor Entertaining - When you have the lighting and the music, and perhaps the WiFi, or the TV, you're able to provide a more inviting and memorable place for your friends to come over and stay awhile. Cook out, dine out and hang out. Together. That's the point.

6. Your Town's Music Festival - Saturday, June 17

Stop in for our **Your Annual Open House**. Some great acts are on stage at the 2024 Local Musical Event Festival. We will have good food served up along with the latest gear from JBL, Klipsch, KEF, Paradigm, Pioneer, Marantz, Josh AI and more.. Stop in, just say Hi! and grab a plate and a drink before you head into hear some great Blues & Jazz!

DETAILS: Blues & Jazz Festival

7. Your Town's Local Event - May 18 & 19, 2024

On May 18, there is over \$50 Million worth of supercars at one of THE LARGEST supercar shows in the world, benefiting Make-A-Wish supporting

Kentucky, Ohio Foundation at the Ohio Expo Center & State Fair. These cars are super rare, super exotic and super fast. Definitely a great day to see some esoteric cars!

DETAILS: Supercar Display

1. Outdoor Speakers

Outdoor speakers are acoustically engineered to deliver a broad, expansive soundstage with tight, deep bass, so no matter where you are – they sound great!

We offer different brands and styles of outdoor speakers for different locations around your home, wall mount, ground installation or bollard design, they all provide great sound, season after season.

Above are examples of Revel L42XCs bollard design speakers that function both as lights and speakers in one neat and tidy installation.

Below are examples of Episode bollard design speakers that function both as lights and speakers in one neat and tidy installation. We have many brands and styles to choose from.

JBL XD Series

Outdoor Speakers
with DYNAMICS!

20% Off!

JBL XD Outdoor Speakers at 20% off until June 30, 2023

JBL XD5 Retail: \$450 pair / Sale: \$359 pair

JBL XD6 Retail: \$600 pair / Sale: \$479 pair

The JBL Stage XD Series are all-weather speakers are designed for both outdoor and indoor use and are intended to be particularly flexible mounting solutions and high-dynamic sound. They are essentially, outdoor versions of the JBL Stage Architectural Series. They can be used as a ceiling or wall-mounted speaker. These JBL's sound unlike the usual boxy, dull outdoor speaker.

They are open, transparent and dynamic without a hint of being over etched or sibilant. Overall, a versatile, well balanced and powerful speaker, and now on sale.

From Bernstein to Springsteen... music is a treasure that we can share with everyone at the table, by the fire, or just keep it to ourselves while in the hammock.

Music outdoors... it's summertime!

2. Outdoor Television

We have installed many brands of outdoor televisions over the years and have gained significant experience in installing outdoor televisions. We sell Sunbrite TV's for all the right reasons.

SunBriteTV builds outdoor TVs that are specifically built for the outdoors, not an indoor TV modified to work outdoors. Made in the USA, these true all-weather, outdoor TV's resist the harsh effects of rain, insects, dirt, extreme temperatures and UV rays, all while delivering superior brightness, contrast and reliability.

You will be impressed at the picture performance. But just relax, sit back and enjoy the game, the show or the movie.

SunbriteTV brand

SunBriteTV creates the only outdoor TVs that are specifically built for the outdoor environment, not an indoor TV modified to work outdoors. Made in the USA, these true all-weather, outdoor LED-LCD TV's resist the harsh effects of rain, insects, dirt, extreme temperatures, and UV rays all while delivering superior brightness, contrast and reliability.

SunBriteTV's are organized into three categories based on the amount of light and cover you are providing the set: Full Shade - Veranda Series, Partial Sun - Signature 2 Series, Full Sun - Pro 2 Series. One of the biggest hurdles to overcome with an outdoor tv, especially when placed in full sun, is the ability of the television to be significantly brighter than the sunlight landing on the screen. That's a tall order for any television.

Below: when you install the TV into full or partial shade, the challenge of delivering a picture with extreme high brightness & contrast levels has been reduced, so when the demands on the picture come down, the TV price also comes down.

You will be impressed at the picture performance.
But relax, sit back and enjoy the game, the show or
the movie.

it's summertime... It's showtime!

3. Outdoor WiFi

New robust WiFi networks provide the speed and range you need for you and your guests while you're outdoors. Extending the WiFi network to outside your home will help you stay connected while you and your guests are outdoors - anywhere.

Stream your favorite music to your favorite wireless speakers, or get outside and get some office work done.

Be outside and be connected anywhere on your property.

4. Outdoor Lighting

Outdoor lighting is a very desirable asset for your home. There are several categories of outdoor lighting, including ambient lighting, task lighting, accent lighting, and safety & security lighting.

Smart outdoor Lighting

By using modern lighting components and leveraging the advantages of a modern Smartphone app from [Control4](#) or [Lutron](#), you can create a well-designed outdoor lighting system that enhances your property, and most of all, using it to the full in the summertime.

Outdoor lighting creates the opportunity for you, your family & friends to spend less time staying indoors - and more time - enjoying the outdoors.

5. Outdoor Entertaining

Outdoor entertaining may have grown into a category, but at it's heart, it is spending time with those that matter most.

Summer dinners with family & friends and food makes for memorable days and nights. The older we get, the more we realize just how important it is to make those connections and memories come together.

Closing

Our 7 great ways to improve your summer isn't about gadgets and gizmo's.

Outdoor entertaining is at its simplest, bringing family & friends together.

Technology brings the outdoor experience together with lighting and music, couple it with a Control4 Smartphone and even the most technically challenged are in full control. Add the outdoor WiFi and you have a vast library of streaming music and internet for you and your guests to stay connected and stay longer.

We'll help with the technology, you provide the dinner and friends and make this summer, the best summer in memory! We hope to see you soon!

Best wishes to you and your family,
from our family,
